Dublin April 19. 1862

Dear Mr Lacy

I have only time to say that I have not heard to say anything. I have just been writing a letter for the Standard which prevents me from having time to write to you. I enclose a memorandum from Lloyd about the "Indies of Egypt". I have no doubt he has got some money – & something which should be said in reference to the want of Standards to make receipts. I will send the letter you sent me a day or two ago – & ask you to know I write to Mr Wickham about the property to myself an acknowledgment due to her that meant to pay on last account. I thought what you said on the subject of British Ship Insurance & that you ~~should~~ should be unlawfully & fraudulently & immediately. You will see in the Standard what I say of Cardwell's petty conduct which I think when you see it you will fully like

Yours ever

Richd Barker

Will you say to Mr Willcutt that
there was a stamp inside the book
R Allens subscription for 1860 & 1861
which was not affixed & therefore
not paid. I can't stop to explain
how I thought it happened. Let him
send me the paper as usual & I will try
pretty soon to get the money in due
season. He should send me the
back numbers from the time it was
stopped & in any cheap way
as a book &c much the better — but
send them

Ms-B, 1, 6 v, 15 - p. 87
